INTERESTS AND HOBBIES

- Music is a real passion of mine. I especially enjoy singing, as I feel I can express myself. I also like playing the piano and my violin and viola. Music allows me to join in with the school choir, we recently performed at the Royal Albert Hall with choirs from other school in England.

- Another one of my passions is speech and drama. I like to act, as other people and see and feel how they must have felt at certain times and places in their lives. I also get a great rush from standing up in front of an audience. To perform to an audience and to make them feel and see how the character feels is just amazing.

- My final hobby is sport. I have two main sports, which are netball and badminton. I also like to try other sports.

- I enjoy competing as well as just having fun. I think there is no point in doing something that you do not enjoy, although you do have to give yourself some challenges.
